

1. Gather the number of folders required for your particular lapbook

2. Open up each folder and flatten it out.

3. Take the right side and fold it all the way over until the tab is just before the middle crease in the folder. Do not overlap this crease with the tab.

4. Fold the left hand side over just to the crease but not overlapping it. Your folder now has two flaps. Do steps 3 and 4 to the remaining folders.

5. Take two of the folders and apply a generous amount of glue to their flaps.

6. Bring the flaps together and press so they stick together.

7. Do step 5 and 6 to your remaining folders (if any).

8. We provide the patterns with all the graphics for the mini-booklets. Just cut out, construct and glue them into your lapbook. (The folder colors are different because they were made at different times)
