

Thank you for purchasing from A Journey Through Learning. We hope that you enjoy this lapbook entitled "Mother's Memories." Just like you, we too, are mothers. We have chosen the journey to teach, lead and guide our children in everything that they do.

Certainly, we want to be an intricate part of our children's lives but we have to ask ourselves-do our children really know us? What were our childhood dreams, who were our best friends, what is the story of our birth, and how did we meet their dad.

It is our prayer that this lap book will allow you to give a little bit of yourself to your child. It is to be completed and given to your child to have as a keepsake. How much fun it would be to work on your lapbooks together if your child is in the process of doing a lapbook too!

Getting started is easy.

First, take the time to just browse through the pages to familiarize yourself with the layout. In this book, you will find several topics.

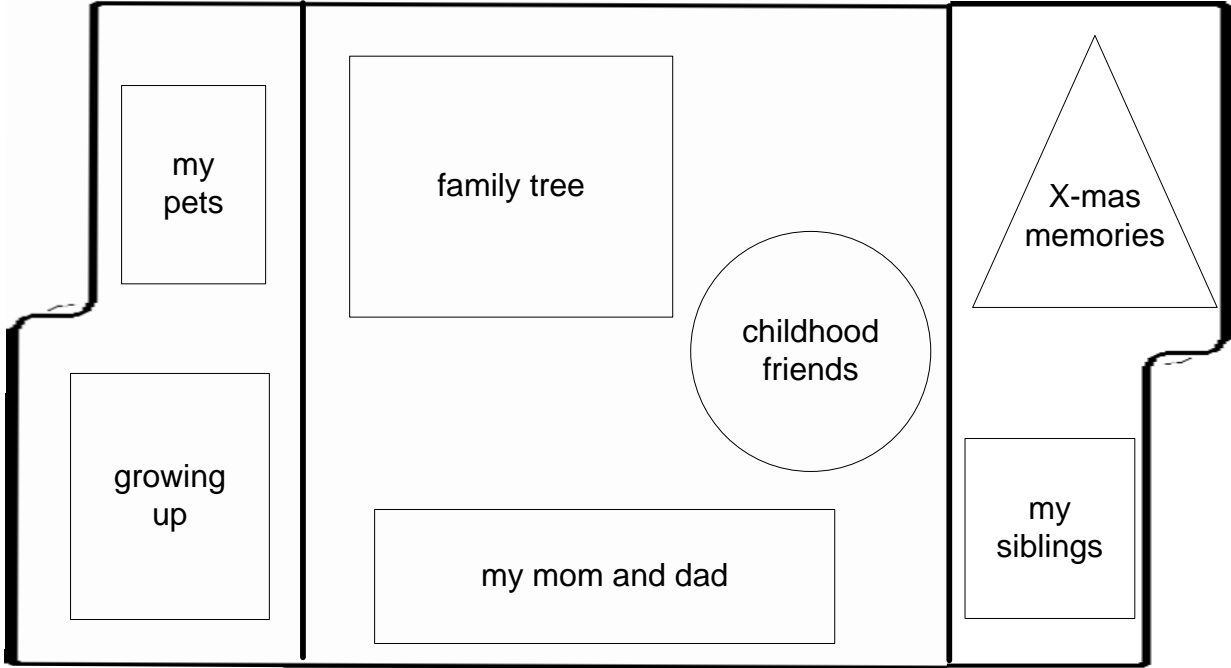

We hope you and your child are blessed by this study! Please check our website frequently for new products!
